

# CCMS DATA EXCHANGE DATA SHEET

## ADMINISTRATIVE OFFICE OF THE COURTS

INFORMATION SERVICES DIVISION

### Court Sends Failure to Appear Release Notification (DMV903)

#### Exchange Description

Trial courts use this California judicial branch XML schema-based data exchange to send a failure to appear release abstract (DD2) to the California Department of Motor Vehicles (DMV), the integration partner. The court must report a release pertaining to either a disposition relating to a previously reported Failure to Appear (FTA) or to recall an FTA completely.

- The notification message contains the FTA release abstract information (e.g., participant's driver's license number and sections violated) sent by the court to the California DMV.
- The response message is sent by the integration partner (DMV) upon successful receipt of the notification message and contains the FTA release abstract response (e.g., participant's driver's license number and message code).

This data exchange may be used when a case participant with a failure to appear hold on their license subsequently appears in court.

#### Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

#### Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

### PROBABLE INTERESTED INTEGRATION PARTNERS

- California Department of Motor Vehicles

### RELATED EXCHANGES

Related data exchanges are preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- Court Sends Failure to Appear Hold Notification (DMV906), which a court uses if a defendant does not appear in court, at which time the court will proceed with an FTA Release order.

For more information about this and other data exchanges, contact [integrationpartners@jud.ca.gov](mailto:integrationpartners@jud.ca.gov)

### **Additional Information**

- A single exchange message is sent for each failure to appear release notification request.
- The response to this exchange message only occurs after receipt and processing by the integration partner. Both the success and error response messages must be sent as separate messages using the formats defined in this exchange.
